

Bard makes the grade with quality BIM content.

BARD TEAMS UP WITH AUTODESK FOR AUTODESK® REVIT® FILE DEVELOPMENT.

Once again, Bard Manufacturing makes the grade with new BIM content. But rather than just make any files available, we teamed up with the best in the business – Autodesk. So now you can easily search, preview and download smart Bard products for your school design project.

Now you can increase your building design productivity using Bard's new Building Information Modeling content. Check out Bard's BIM content at www.bardhvac.com/seek.

Bard®
SINCE 1914

Climate Control Solutions

Autodesk® Seek. The Best BIM Content Provider for Bard's Classroom Preferred Solution.

Bard now has smart Building Information Modeling files available through Autodesk Seek, the world's premier online BIM content provider.

Now you can easily search, preview and download high-quality Bard Revit® Architecture files so you see how Bard fits into your school plans. Whether you're working in 3D models or with 2D drawings, you can easily download visual images, product specs, technical guides and more. So, you can see exactly how Bard's smart Classroom Preferred™ Solution works with your school design.

Only the Best for Bard.

We know engineers, architects and designers were looking for BIM content from Bard, but we didn't want to compromise on quality. So, we went with the best in the business, Autodesk Seek. With more than 23 million page views and 1.8 million unique visitors in 2013, Autodesk Seek provides design pros with a single, unified search experience. Bard knew that by working with Autodesk, our Revit files would be both high-quality and easy to work with.

Get started today.

It's easy to access Bard BIM files through Autodesk Seek. Just go to www.bardhvac.com/seek. There you'll find everything you need to simplify your school design project and increase productivity while also making the smart HVAC choice for your school – Bard's Classroom Preferred Solution.
