*Introducing*  
**BARD MEGA-TEC™**  
**WALL-MOUNT**  
**AIR CONDITIONER**

*A Multi-Stage, High Capacity Sensible Cooling  
SPVU System with Exceptional Efficiency*

The new Bard MEGA-TEC™ Wall-Mount Air Conditioner offers industrial-grade cooling and is sized to also be used as a slide-in replacement for existing SPVU HVAC systems.

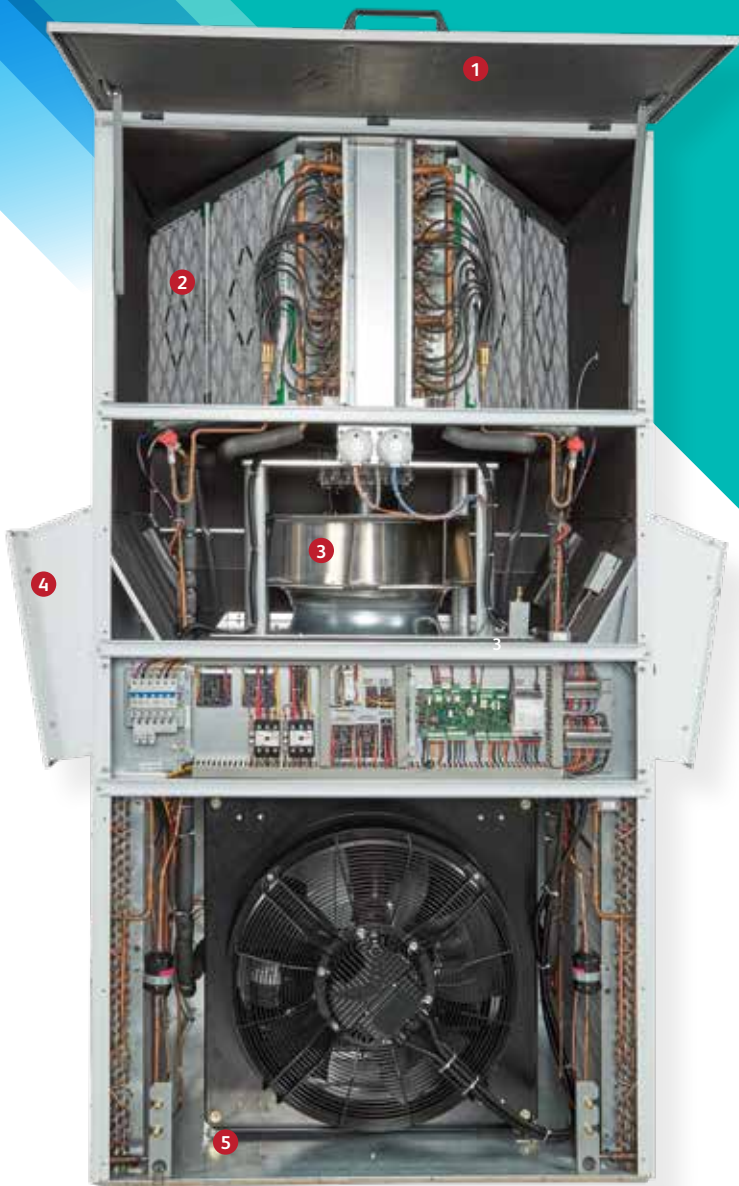

***The Bard MEGA-TEC:***

- ▶ Meets or exceeds DOE current minimum efficiency mandate of 10 EER, in addition to state and national codes
- ▶ Features redundant refrigeration circuits with Copeland Scroll compressors standard on all models
- ▶ Operates remotely via BardLink™ technology
- ▶ Leverages favorable weather conditions with optional free cooling economizer
- ▶ Incorporates electric reheat dehumidification as an optional feature
- ▶ Maximizes control with Bard's exclusive programming for PLC technology
